

Rincon Consultants Inc.

Internship Program 2023

About Us:

Rincon Consultants, Inc. was founded in 1994 and has grown to be a leading environmental consulting firm throughout California.

Our firm is comprised of six technical groups,

Environmental Sciences & Land Use Planning, Biological Resources, Site Assessment & Remediation, Water Resources, Sustainability Services, and Cultural

Resources, each of which is led by a Principal

of the firm. To support these groups and to conduct specialized projects, we maintain a GIS & Graphic Communications group that provides technical support for our projects.

Rincon's Intern Success:

Rincon has had sustained success of enhancing our existing staff with internships that convert to regular full-time employees from some of the best undergraduate and graduate programs. Since 2017, more than 50% of our interns have transitioned to a full-time team member!

Applications due by March 15th

Check out our open internships for summer 2023!
